

MISSION STATEMENT:

The mission of the USMC School Liaison Program is to identify and coordinate community resources to reduce the impact of the mobile military lifestyle on military school-age children and families; to implement predictable support services that assist children/youth with relocations, life transitions and achieving academic success; and to provide a wide range of resources that facilitate school transitions to parents, students, schools, commanders, and communities.

USMC SCHOOL LIAISON GOALS

The USMC School Liaison Program is designed to create connectivity between military parents, schools, and the Marine Corps.

Our top priority is to provide parents, students, and educators timely and relevant information to enhance learning and promote academic success.

USMC SCHOOL LIAISON SERVICES

School Liaisons network, educate, and work in partnership with local schools to enhance the school-age education experience. The School Liaison provides military commanders with the support necessary to coordinate and advise military families of school-age children on educational issues and needs, and to assist in solving education-related problems.

THIS SUPPORT INCLUDES:

- *Educating local schools and communities about the needs of military school-age children and the military community.
- *Mobilizing community resources to reduce the impact of the military lifestyle on military school-age children.
- *Maintaining current information on the availability and access of educational services for military school-age children.
- *Supporting development of parents as the primary advocate for their military school age children while serving as the communicator among parents, commanders and local school systems.
- *Providing resources to parents, students, schools, commanders, and communities that facilitate school transitions and relationships.
