⁵ With Maintenance Choice, it is **mandatory** that you get a 90-day supply of certain maintenance medications, such as drugs that treat conditions like arthritis, asthma, diabetes or high cholesterol, by using either CVS Caremark Mail Service Pharmacy or a CVS Pharmacy near you. **After two 30-day fills, the plan will no longer cover 30-day fills. You will be responsible for paying the full cost of the drug, and it will not count toward your out-of-pocket maximum.** View the Maintenance Choice drug list at nafhealthplans.com > Health Benefits > Pharmacy Program.

⁶ With the Choose Generics program, your pharmacy will automatically fill your prescription with a generic drug, if one is available. If you choose the brand name instead, you will pay the difference in actual cost between the brand name and generic equivalent plus the Tier Three coinsurance. If you choose a brand drug, the amount that is the difference between the actual brand cost and actual generic cost does NOT go toward your plan's calendar-year out-of-pocket maximum.

⁷ Covers a 180-day supply of the following FDA-approved medications with a valid prescription: Bupropion SR, nicotine gum, nicotine inhaler, nicotine lozenge, nicotine nasal spray, nicotine patch and varenicline. Includes eight counseling sessions per calendar year.
