

# SMOOTH OVERSEAS MOVES START WITH A PLAN

**A little planning and leveraging available resources can make  
your overseas move easier and less stressful.**

## BEFORE YOUR MOVE

- Sign up for an MCCS Relocation Class at your local Information & Referral Office.
- Create a PCS binder to organize all essential documents you plan to hand carry.
- Check your driver's license and renew it if needed before you move.

## MOVING WITH CHILDREN

- Submit your childcare request at [MCC.com](http://MCC.com) before you move.
- Special Education Support: Contact your [Exceptional Family Member Program](#) office to ensure a smooth transition of services.
- School Information: Connect with your local [School Liaison](#) for details on school choices, credit transfers, extracurricular activities, and more.
- Community Connection: Help your child get involved in their new community through Youth Connections. Learn more from your School Liaison or [Child and Youth Programs](#) Resource and Referral office.
